Study based on 1 Corinthians 9:19-24

## This Week's Message

---

Today we are talking about the church, specifically Village Green. Every church, whether they realize it or not, has to manage 5 land mines. They have the potential to create conflict and chaos. So, what are the land mines and how are we as a church navigating through them?

## Study

---

1. Take time to read 1 Corinthians 9:19-24. What does this teach us about the way Paul viewed outreach?
2. Based on this passage, do you believe there is something we should be doing as a church that we are not doing now?
3. Is the attitude of Paul an attitude that is prevalent in today's church?

4. Talk a little about the contrast Paul uses between freedom and slavery.
5. In today's context, who, or what groups could we label as "Jews" and "Gentiles?"
6. Paul ends this section with an exhortation that we should want to win! Do we sense that we are winning?
7. In the message 5 landmines were given. What are they and how do you feel they are affecting us as a church?
